

Wheel Spacers 輪軸墊寬器:

Japanese car model

BENZ

BMW

Volkswagen

The spacers are made by AL-6061 with accurate CNC making. We can make different sizes just depending on your request under 10 sets mini order qty. Install the wheel spacer in the front wheel can improve driving mobility especially in curve road. Install the wheel spacer in the rear wheel can improve the stability in high speed driving especially in mountain/hill road. Besides, wheel spacer can adjust space for the installation of brake kit.
